MOELLER STONE CARE

PRODUCT SPECIFICATION

HMK® R179 - RUST REMOVER FOR SOFT STONE

- **Special cleaner for removing rust stains from all natural and artificial stone surfaces.**
 - **Also for polished marble suitably.**
- **Solves and removes rust spots, which were caused by iron fertilizer, metal furniture, heater leaks etc.**

HMK® R179 is a special ready to use cleaner for use on all natural and artificial stone surfaces that removes rust spots caused by iron fertilizer, metal furniture, heater leaks etc. HMK® R179 contains special rust inhibitors that reduce future rust development. HMK® R179 is especially suitable for polished marble and limestone.

Instructions: Spray HMK® R179 undiluted evenly and generously onto a cool and dry surface. Allow around 10 to 15 minutes for HMK® R179 to take effect but do not allow to dry. Remove any residual HMK® R179 and clean the area with HMK® R155 Intensive Cleaner - acid free diluted 1:10 with water and work into the surface using a scrubbing brush, hand-brush or suitable pad. Remove the dirty liquid and rinse the area thoroughly with clear water. Stubborn or old rust stains may require additional treatments until they are completely removed.

After use, remove cap and rinse thoroughly with clean water.

Important: Do not apply in direct sunlight. Do not spray onto hot objects. HMK® R179 causes a chemical reaction during application and a violet color and distinctive odor may be noted. Ensure good ventilation when HMK® R179 is applied in enclosed areas.

Coverage: About 10-20m²/litre.

Warning: Chemical product. Contains surfactants, auxiliary agents and organic sulphur bondings. Avoid eye/skin contact. If exposed, wash/flush with water and seek medical attention. Take appropriate safety precautions when dealing with corrosives. At all times wear suitable protective clothing (gloves, masks, boots, etc...). Keep out of the reach of children. See Material Safety Data Sheet for more detailed information.

Packaging: 12 x 475 ml spray bottles/box

Storage: Store in a cool dark place and keep lid tightly closed.

Testing: Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

Limitation of liability: The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
